1 general level, I mean, the pharmacy enters its information, and
2 it goes to this point of sale system.

3 Where do the computers for the point of sale system,
4 are they at First Health's headquarters, or are they here at
5 Nevada Medicaid?

6 A I'm not sure where the server itself is based.

7 Q Yes.

8 A But it is -- we acquired it through a contract with
9 First Health Services, and so all the programming of the system
10 is done through First Health, managed by the state of Nevada
11 Medicaid.

12 Q Where is -- I mean, physically where is the data
13 itself?

14 A I don't know where the servers are physically located.
15 They are in Virginia or Arizona.

16 Q Do you have -- does Nevada Medicaid have access to
17 this data whenever it wants?

18 A Yes. It's Nevada's data.

19 Q So Nevada owns the data, but First -- as I understand,
20 but First Health as your fiscal agent helps administer the data,
21 manage the data; is that correct?

22 A Correct.
